The following is the letter that is being sent to the bankers:

"You are possibly aware that a Conference on Rural Community Life has been called to meet at the Northwest Normal School, Maryville, Missouri at 9:30 A. M. June 5th. Governor Hadley and other prominent speakers both in and out of the state are to be present. The phases of the subject to be considered are Rural Hygiene, Good Roads in Northwest Missouri and how to make them, Our Good Black Dirt and What to do with it, Rural School Consolidation, The Country Home and Its Surroundings, and Rural Social Centers. It will be seen at once that these questions are of vital interest to every citizen and concern the social, economic, and civic welfare of every community.

"You are aware that the bankers of Minnesota and other states have recently called meetings of all the bankers of their states to consider just such questions. Why should not the bankers of Northwest Missouri lead in this state in such a vital matter? We urge that every banker in the nineteen counties comprising the Northwest Normal district of the state take an active interest in this occasion and help secure as large an attendance as possible, and that each bank have one or more representatives at the conference.

### DEATH OF AN OLD RESIDENT.

LaFayette Hagins Died Tuesday Morning at His Home on West Seventh Street—Funeral Thursday.

LaFayette Hagins, a well-known contractor of Maryville since 1868, died at 9:30 o'clock Tuesday morning at his home 209 West Seventh street, at the age of 76 years.

The funeral services will be held at the family home Thursday afternoon at 2:30 o'clock and will be conducted by Rev. Claude J. Miller of the Christian Church. The body will lie in state from 9 o'clock a. m. to 1 o'clock p. m. Thursday. The friends of the family are invited to the services.

Mr. Hagins had been confined to his home for the past ten months with a complication of diseases, but had been confined to his bed only within the last three weeks.

He was born on November 22, 1838, at Paris, Jennings county, Ind. He was of Kentucky parentage. He enjoyed unusual educational advantages and grew to manhood in his home town where he lived until he was 22 years of age, when he enlisted for services in the civil war in Company K of the 12th Indiana regiment and was a corporal in his company. He served all through the war.

On April 25, 1865, he married Miss Anna M. Crayne at Seymour, Ind., a sister of Mr. H. T. Crane of this city, and of Mrs. I. N. Wray of Pickering. They went to Louisville, Ky., to make their home and lived there until 1868, when they came to Maryville.

Mr. Hagins was educated for the Christian ministry and previous to that had taken a course in law. One of his brothers, Wm. Hagins, was for many years a prominent lawyer of Vernon, Ind. Two other brothers, Dr. Joseph E. Hagins and Dr. John Hagins were practicing physicians at the time of their death a few years ago, the former at Des Moines, Ia., and the latter at Mexico, Mo. One sister survives Mr. Hagins, Mrs. Sarah Condon who lives at the age of 82 years at her home in Seymour, Ind.

At the close of the war, Mr. Hagins began the study of brick contracting and building, because of the great remuneration it promised. Instead of finishing his education for the ministry. On coming to Maryville, he was soon recognized as one of the leading builders of this section of Missouri, and he has been identified with the erection of nearly all of the older buildings that now stand in Northwest Missouri. He was a painstaking workman and was always busy, until ill health forbid him working longer.

Mr. Hagins is survived by his wife and three children, George Hagins of Denver, Colo., who visited his father recently; Newton Hagins with the Crane bookstore and Miss Maud Hagins at home.

Mr. Hagins was an interesting conversationalist and kept abreast of the time in all branches of the world's activities. Although his work took him into a different field of work to that for which he had been prepared, he did not lose his interest and was in his later years a close Bible reader.

### HAS GREAT STRAWBERRIES.

O. M. Moon of Pickering Has a Hobby That is Worth While—Will Have 1000 Quarts.

Oscar M. Moon of Pickering, besides being the Burlington agent at that place, is making such a success of his hobby, a strawberry patch, that he is in every way liable to become famous. He has a spot of ground, about half the size of an ordinary town lot, set to strawberries of the Senator Derby, Morning Dew and Pineapple families. He has made a study of strawberries from every authority he could obtain and settled on these three varieties for his culture. The plants are so fine and large and beautiful that those who have seen them say that if people did not know they were strawberries they would be adorning many a home as house plants. Their blooms are as near like wild roses as they can be described.

Mr. Moon and his family began using the berries Sunday. Three of the berries fill an ordinary drinking glass and oh, they are so luscious that they must be tasted to be appreciated. But no wonder, with all the care they have had. There isn't a weed in the patch and they are mulched so that they are easy to pick. Mr. Moon expects to gather 1000 quarts from the patch. Mrs. Moon has studied the art of putting up the strawberries until she can preserve so well that they are nearly as fresh the strawberries, and in fall and winter they taste exactly like them. But there is a difference noted now during the strawberry season.

Mr. Moon has also commenced the culture of a red raspberry that will yield every month in the summer and fall, a large fine kind on the order of his strawberries.

He was surprised to receive many lovely presents and he was given as beautiful a "linen shower" as any Maryville bride ever received. Fr. Anselm acknowledged the thoughtful act of the young women of his church in appropriate words. As he looked over the company he said "I have baptised and prepared for your first communion every one of you but three, and I thank you all more than I am able to express." After a social time, the assistant pastor Rev. Fr. Willebrode, played several pieces on the Victrola. Later in the evening, another surprise awaited Fr. Anselm. His guests brought delightful refreshments with them which were served in the dining room by his housekeeper, Miss Mary Schaffer. An immense white birthday cake was in the center of the table, lighted by 59 small candles, the number of Fr. Anselm's years, with a large white candle in the center to start his sixtieth year. The cake was banked around with white flowers and was indeed a beautiful sight. The guests also presented Fr. Anselm a birthday book to which was attached a large white acorn, the emblem of his name, Ineichen. Fr. Anselm has many friends in our city who, with his Monday evening guests, wish him many happy returns of his birthday. He has lived long in our community and has served his fellow men well. The beautiful custom of honoring those who laid down their lives in sacrifice to the principles for which they fought, and showing a tribute to our loved ones who have died, by covering their graves with flowers at least once a year is one of the most inspiring and poetic breaks in the busy life of our country and it is a credit that Memorial Day is observed with increasing interest each year. The proper observance of Memorial Day requires the right kind of flowers, such flowers as we have in profusion, loose or in appropriate Memorial Designs, etc. Each year we offer a better quality of flowers and our Memorial Day flowers are no exception. ## MAY DECLARE MARTIAL LAW

State May Take Charge of San Diego, Says Attorney General.

## STREET SPEAKER IS ASSAULTED

Attempted to Talk Outside of the Restricted District, But Was Arrested—F. W. W. Men Coming From Los Angeles.

San Diego, Cal., May 28.—Attorney General Webb told police authorities of San Diego that if they were incapable of handling the Industrial Workers of the World situation it would be necessary for the state to take charge. The only way for the commonwealth to assume control, he said, was through martial law.

A. B. Carson, a Socialist, attempted to speak in the street outside the restricted district here and was arrested after having been buffeted by the crowd.

## Crowd Kicks Socialist.

Carson stepped upon a box with the announcement that he was in San Diego to speak in the interests of the free speech campaign. He said he was outside the restricted district and therefore thought he was within the law.

Carson had spoken hardly more than a hundred words when a policeman arrested him, and he was hurried through the streets for more than a block and then placed in the patrol wagon. The charge against him will be determined later. Carson was kicked and cuffed before he was placed in the patrol wagon. A large crowd followed him.

## Foreigners to Be Deported.

Los Angeles, Cal., May 28.—Deportation of two alleged members of the Industrial Workers of the World; the departure for San Diego of about 200 men, all said to be Industrial Workers, and the arrival here of Joseph Meyers of the San Diego police force, bringing several bombs said to have been prepared to destroy the lives of officials of San Diego, were the features in the World situation in Los Angeles.

Albert J. Dumot, a Frenchman, and Albert Wilson, English, were found by the local immigration officials to be in the United States in violation of the anti-alien act and were ordered deported to their respective countries. Both were said to be members of the Industrial Workers and among those arrested in San Diego on a charge of violation of the street speaking ordinance.

The 200 men said by leaders of the Industrial Workers to have left Los Angeles for San Diego took their leave in small groups during the last few days. They will walk to San Diego.

## BALLOON TRAVELED 900 MILES

Hoffman and Berry Forced to Land at Roseville, Ill., by Hail Storm.

Roseville, Ill., May 28.—A storm forced the balloon St. Louis to land here at 5 o'clock. The effort of Albert Hoffman and Capt. John Berry to break the Lahm record of 1,171 miles failed. They made about 900 miles, starting from San Antonio, Tex., at 5:25 o'clock p. m.

Neither airman was injured, although they suffered severely from the hailstorm which swept the country. The journey was a wild one. The average speed was 37 miles an hour for the 24 hours.

## ROCKED ON A BOX OF MATCHES

Chicago Woman Burned to Death as Result of Peculiar Accident.

Chicago, May 28.—Mrs. John J. Dunn, a wealthy widow, was burned to death on the back porch of her South Side home when the rocker of the chair she occupied struck a box of matches and ignited them.

Mrs. Dunn was asleep in the chair. The fire spread to a pile of newspapers near her and then to her clothing. The flames were extinguished by a small boy with a garden hose, but the woman died in a short time.

## Train Over a Bank.

Atchison, Kan., May 28.—Two persons were injured seriously when east-bound Missouri Pacific passenger train No. 103 was derailed a mile north of Shannon, on the Omaha line. ## WOULD BAR KANSANS' ADVANCE

FUNSTON AND CROZIER HIT BY APPROPRIATION BILL.

Proposed Amendments Also Depose General Wood—Sharp Conflict Is Expected.

Washington, May 28.—The army appropriation bill was reported back to the senate and house by the conferees with anti-administration amendments which would legislate Maj. Gen. Wood out of office after March 4 as chief of staff.

The bill provides that no general officer may become chief of staff—the highest rank in the army—unless he has had ten years of service with troops previous to attaining the grade of general. This section will operate not only to legislate Gen. Wood out of office but will bar two Kansans, Gen. Crozier, chief of ordnance, and Gen. Funston from ever attaining the highest rank in the army. It will also bar a number of officers appointed in the staff departments after the war with Spain and all medical officers.

Many army officers charge that the fight between the line and the staff which recently resulted in the retirement from the army of Maj. Gen. Ainsworth is responsible for the provision.

The report was not acted on in either house. A sharp conflict over the amendments is expected. Senator Curtis and Senator Smoot blocked immediate action in the senate by insisting on time to study the changes. As Gen. Funston and Gen. Crozier are Kansans, the latter being a son of the late Judge Crozier of Leavenworth, it is expected that the Kansans in the senate and house will make a hard fight on the provision which bars them from the highest rank.

## NO PANAMA INDEMNITY FIXED

Story of Negotiations Between America and Colombia Regarded as Fake.

Washington, May 28.—So far as the state department is aware, no arrangement has been reached between American Minister Dubois and the Colombian government looking to the recognition by the latter of the independence of Panama, in return for a \$30,000,000 indemnity, as was reported from Cartagena.

There have been no negotiations between the two countries regarding Panama for nearly a year, unless the letter of Senor Ospina, which led to his retirement as minister to the United States, may be so regarded.

## KANSAS FRUIT DAMAGED BY HAIL

Franklin County Trees, Left Standing by Tornado, Get Another Setback.

Ottawa, Kan., May 28.—The fruit trees of Franklin county which were left standing after the heavy windstorm Friday were given a severe shelling by hail that accompanied an electrical storm. Last week's damage was to old orchard trees that were easily broken, but heavy hail pelted much of the forming fruit. Wheat growers say that the wheat crop will not be badly damaged. Both storms were disastrous to telegraph and telephone lines.

## Blast Kills Quarryman.

Moline, Kan., May 28.—An explosion occurred at the works of the Moline Cement company, which resulted in the death of one of the quarrymen, W. M. Darr, and severe injury to another, Robert Hicks. Several others received minor injuries. Darr was working in the quarry, and it is supposed his pick struck unexploded dynamite. The explosion threw him 45 feet in the air.

## Osteopaths Graduate 146.

Kirksville, Mo., May 28.—A class of 146 was graduated from the American school of osteopathy. The exercises were held at Dr. A. T. Still's home. The baccalaureate address was delivered by Walter Williams, dean of the school of journalism at the University of Missouri.

## REBELS SURROUND MADERO'S FORCES

Retreat Covered Hiding of 3,000 Men in Mountains.

## FEDERALS FACE DESTRUCTION

Dynamite Admitted for Mines, Used to Destroy Bridges—Situation Most Critical Since Insurrection Began.

Washington, May 28.—Surrounded by Gen. Orozco with 4,000 soldiers on the North and General Campo with 3,000 men on the south, the federal army under Gen. Huerta sent by Madero to end the insurrection in northern Mexico, is in imminent danger of total destruction.

The information has just been received by the department of state.

Both insurrecto armies are plentifully supplied with dynamite sent over the border by permission of President Taft for use in the mines of Chihuahua and they are busy blowing up the bridges over which it would be possible for Huerta to retreat.

## Taft's Order Rescinded.

As fast as the dynamite reaches the federal lines, the insurrectos capture it. So menacing is this explosive to the federal cause that Secretary MacVeagh took upon himself the liberty of rescinding the order of the president and perhaps preventing further shipments over the border.

As a result of the disaster to the federal campaign, firm belief is expressed in Washington that the situation in Mexico is now more critical than at any time since the insurrection began.

## Outwitted Madero.

Instead of being demoralized, as alleged by Madero, the rebels, according to information received by both state and war departments, retreated in excellent order to Jimenez but very skillfully left 3,000 men hidden in the mountains. This latter force has now appeared in the rear of Gen. Huerta and is now threatening the destruction of his army.

Despatches to the state department show that a force of 2,000 men under Gen. Zapata is now threatening Mexico City itself. Communication between Gen. Zapata with his army and General Campo with his dynamite in now easy.

## Rebels Take Torreon.

Juarez, Mex., May 28.—Messages were received here from rebel headquarters at Chihuahua announcing the capture of Torreon by rebels under Gen. Arguemedas. Details were lacking.

## DARROW SAW BRIBE GIVEN

Star Witness for Prosecution Tells  
His Story on Stand.

### FREDERICKS REPUDIATES FOSTER

Denies Detective and Erectors Association as Participants in Case Against Former McNamara Attorney.

Los Angeles, Cal., May 28.—The name of Clarence Darrow was mentioned by George N. Lockwood, one of the prosecution's star witnesses, for the first time in connection with the trial of the former chief counsel for the McNamara brothers for alleged jury bribing. Lockwood declared that Darrow was walking toward Bert H. Franklin when the latter was arrested for bribery, a few moments after Lockwood had received the first installment of the payment for his vote in the trial of J. B. McNamara.

The day in court was one of excitement from the time of convening until adjournment. Clashes between attorneys, the exchange of charges of attempting to influence the jury, an important ruling for the prosecution on the admissibility of evidence objected to by the defense, and the reappearance of Lockwood on the stand for the resumption of his story of the alleged trapping of Bert Franklin, kept the atmosphere of the courtroom at fever heat throughout the three hours' session.

The exciting events of the day also included a repudiation by Mr. Fredericks, the district attorney, of Robert J. Foster, detective, and the National Erectors association, which employs Foster, as participants in the prosecution of the Darrow case.

### Prosecution Gains Point.

The ruling by Judge Hutton on the issue raised by the defense Saturday was declared by attorneys for the prosecution as a sweeping victory for them as it will enable them to introduce all of the evidence in their possession tending to prove that Darrow had been guilty of attempting to bribe other jurors.

Darrow's chief of counsel, Earl Rogers, stirred up a sensation in court by waving a newspaper clipping about his head and shouting aloud in the presence of the jury its headline: "I will convict Clarence Darrow—Robert J. Foster."

After some discussion Foster was cited to show why he should not be punished for contempt of court. The jury meanwhile had been excused.

### LABOR OPPOSES SMALL COINS

Three Unions Protest Against Proposed Coinage of Half Cent Piece.

Boston, May 28.—Three of the largest union labor organizations in this city passed resolutions protesting against the introduction into the currency of the United States of a half cent piece.

The resolution set forth that the lowering of the coinage unit tends to operate against the wage earner and makes a substantial increase of wages harder to obtain. The point is also made that the introduction of a half cent piece would reduce greatly if not wipe out entirely the earnings of men such as news dealers and newsboys, who deal in a commodity where the price is usually fixed at the smallest unit.

### TEXAS LYNCHERS WALKING BACK

Mob Refused Transportation by Railroad, Has to Hike 108 Miles.

Waco, Tex., May 28.—Telephone messages from Axtell, ten miles east of Waco and 108 miles from Tyler, say members of the Tyler party who left for Waco Saturday to find George Price, a negro implicated in an attack on Miss Carrie Johnson, are walking home, as St. Louis Southwestern officials refused to let them ride free. By the time the mob had arrived at Waco Price had been taken to the penitentiary. Dan Davis, the negro who confessed the attack on Miss Johnson, was burned at the stake by a mob at Tyler last Saturday.

### ORIGIN OF THE ELKS' CALL

"Hello, Bill" a Cheery Salutation First Heard at Minneapolis Reunion of 1897.

Eleven o'clock is Elksdom's "hour of recollection," when a toast is drunk "to our absent brothers." The custom is said to have originated with George McDonald, one of the original Elks. The mottoes of the order are "To do unto others as we would they should do unto us," and "The faults of our brothers we write upon the sand; their virtues upon tablets of love and memory."

The call of one Elk to another, by which he is recognized in any forest (of palms or otherwise) is "Hello, Bill." William Goddard of Minneapolis lodge, No. 44, is the original "Hello, Bill" of Elksdom, and this cheery salutation, which has found its way around the world, originated in Minneapolis during the Elks' national reunion in that city in 1897. Goddard was chairman of the finance committee and a member of practically every other committee having in charge the arrangements for the reunion. Others might slight their work, but Billy Goddard was always to be found at committee headquarters.

When any visiting Elk sought information it was a constant repetition of "Go over and ask Billy Goddard," "Billy, can tell you," "See Billy; he knows." And the visiting Elk fell naturally into the formula, "Hello, Bill. I was told to see you." The phrase caught on. It spread like a prairie fire over the convention city. Elks who never before had seen each other's faces greeted each other on the streets and in the hotel corridors with a cheery "Hello, Bill," and now when one Elk meets another, from the bright lights of Broadway to far away Juneau or Skagway, Alaska, the most distant of Elk towns, it's "Hello, Bill."—Hampton's Magazine.

## EASY AND SURE WAY TO CURE COLDS

Don't Neglect a Cold, Ely's  
Cream Balm Will Stop It  
in the Sneezing Stage.

A cold generally attacks the weakest part, affecting the eyes and ears in some and producing nasal catarrh and throat troubles in others. A cold is due to an inflammation of the membrane lining the air passages, and may be promptly cured with a little Ely's Cream Balm, which immediately relieves the inflammation and all the distressing symptoms, such as sneezing, coughing, running at the nose and eyes, hoarseness, sore throat, fever and headache. One reason why this pure, antiseptic balm acts so quickly is because it is applied directly to the tender, sore surfaces.

Even in severe, chronic cases of catarrh, Ely's Cream Balm never fails to quickly and effectually check the poisonous discharge which clogs the head and throat, causing the disgusting hawking, spitting and blowing of the nose. This remedy not only drives out the disease, but heals and strengthens the weakened membranes, thus ending catarrh.

Catarrh is a filthy, disgusting disease. Don't put up with it another day. Get a 50 cent bottle of Ely's Cream Balm from your druggist and see how quickly you will be relieved. It is perfectly harmless.

## HOW ONE WOMAN WON

Her Health and Strength Back  
Again by The Use of Cardui.

Tampa, Fla.—In a letter from this city, Mrs. E. C. Corum writes: "I was all weakened and worn out with womanly troubles. My husband brought me some Cardui as a tonic, and, from the first day, it seemed to help."

I had almost lost my reason, but, thanks to Cardui, I did not. Soon, I felt and looked like a new woman. I think the remedy is wonderful. I recommend it to my friends, for I have received great benefit from it."

Cardui acts specifically on the weakened womanly organs, strengthening the muscles and nerves, and building them up to health.

It helps to refresh the worn-out nervous system and relieves the effects of overwork, both mental and physical.

Fifty years' successful use fully prove the merit of this purely vegetable, tonic remedy for women.

In every community, there live some who have been benefited by Cardui. The beneficial effects of this time tested woman's remedy, soon show themselves in many different ways. Try it.

At a meeting of the banks of Maryville held Monday afternoon at the First National Bank, they decided to extend an invitation to every bank in the Northwest Normal district to have a representative present at the Rural Community Life Conference to be held in Maryville on Wednesday, June 5, at the Normal.

The following is the letter that is being sent to the bankers:

"You are possibly aware that a Conference on Rural Community Life has been called to meet at the Northwest Normal School, Maryville, Missouri at 9:30 A. M. June 5th. Governor Hadley and other prominent speakers both in and out of the state are to be present.

"The phases of the subject to be considered are Rural Hygiene, Good Roads in Northwest Missouri and how to make them, Our Good Black Dirt and What to do with it, Rural School Consolidation, The Country Home and Its Surroundings, and Rural Social Centers. It will be seen at once that these questions are of vital interest to every citizen and concern the social, economic, and civic welfare of every community.

"You are aware that the bankers of Minnesota and other states have recently called meetings of all the bankers of their states to consider just such questions. Why should not the bankers of Northwest Missouri lead in this state in such a vital matter? We urge that every banker in the nineteen counties comprising the Northwest Normal district of the state take an active interest in this occasion and help secure as large an attendance as possible, and that each bank have one or more representatives at the conference.

## DEATH OF AN OLD RESIDENT.

LaFayette Hagins Died Tuesday Morning at His Home on West Seventh Street—Funeral Thursday.

LaFayette Hagins, a well-known contractor of Maryville since 1868, died at 9:30 o'clock Tuesday morning at his home 209 West Seventh street, at the age of 76 years.

The funeral services will be held at the family home Thursday afternoon at 2:30 o'clock and will be conducted by Rev. Claude J. Miller of the Christian Church. The body will lie in state from 9 o'clock a. m. to 1 o'clock p. m. Thursday.

Mr. Hagins had been confined to his home for the past ten months with a complication of diseases, but had been confined to his bed only within the last three weeks.

He was born on November 22, 1838, at Paris, Jennings county, Ind. He was of Kentucky parentage. He enjoyed unusual educational advantages and grew to manhood in his home town where he lived until he was 22 years of age, when he enlisted for services in the civil war in Company K of the 12th Indiana regiment and was a corporal in his company. He served all through the war.

On April 25, 1865, he married Miss Anna M. Crayne at Seymour, Ind., a sister of Mr. H. T. Crane of this city, and of Mrs. I. N. Wray of Pickering. They went to Louisville, Ky., to make their home and lived there until 1868, when they came to Maryville.

Mr. Hagins was educated for the Christian ministry and previous to that had taken a course in law. One of his brothers, Wm. Hagins, was for many years a prominent lawyer of Vernon, Ind. Two other brothers, Dr. Joseph E. Hagins and Dr. John Hagins were practicing physicians at the time of their death a few years ago, the former at Des Moines, Ia., and the latter at Mexico, Mo. One sister survives Mr. Hagins, Mrs. Sarah Condon who lives at the age of 82 years at her home in Seymour, Ind.

At the close of the war, Mr. Hagins began the study of brick contracting and building, because of the great remuneration it promised, instead of finishing his education for the ministry. On coming to Maryville, he was soon recognized as one of the leading builders of this section of Missouri, and he has been identified with the erection of nearly all of the older buildings that now stand in Northwest Missouri. He was a painstaking workman and was always busy, until ill health forbid him working longer.

Mr. Hagins is survived by his wife and three children, George Hagins of Denver, Colo., who visited his father recently; Newton Hagins with the Crane bookstore and Miss Maud Hagins at home.

Mr. Hagins was an interesting conversationalist and kept abreast of the time in all branches of the world's activities. Although his work took him into a different field of work to that for which he had been prepared, he did not lose his interest and was in his later years a close Bible reader.

HAS GREAT STRAWBERRIES.

O. M. Moon of Pickering Has a Hobby That is Worth While—Will Have 1000 Quarts.

Oscar M. Moon of Pickering, besides being the Burlington agent at that place, is making such a success of his hobby, a strawberry patch, that he is in every way liable to become famous. He has a spot of ground, about half the size of an ordinary town lot, set to strawberries of the Senator Derby, Morning Dew and Pineapple families. He has made a study of strawberries from every authority he could obtain and settled on these three varieties for his culture. The plants are so fine and large and beautiful that those who have seen them say that if people did not know they were strawberries they would be adorning many a home as house plants. Their blooms are as near like wild roses as they can be described.

Mr. Moon and his family began using the berries Sunday. Three of the berries fill an ordinary drinking glass and oh, they are so luscious that they must be tasted to be appreciated. But no wonder, with all the care they have had. There isn't a weed in the patch and they are mulched so that they are easy to pick. Mr. Moon expects to gather 1000 quarts from the patch. Mrs. Moon has studied the art of putting up the strawberries until she can preserve so well that they are nearly as fresh as the fresh strawberries, and in fall and winter they taste exactly like them. But there is a difference noted now during the strawberry season.

Mr. Moon has also commenced the culture of a red raspberry that will yield every month in the summer and fall, a large fine kind on the order of his strawberries.

lor where he was commanded to open each package and passed his judgment upon the contents. He was surprised to receive many lovely presents and he was given as beautiful a "linen shower" as any Maryville bride ever received. Fr. Anselm acknowledged the thoughtful act of the young women of his church in appropriate words. As he looked over the company he said "I have baptised and prepared for your first communion every one of you but three, and I thank you all more than I am able to express." After a social time, the assistant pastor Rev. Fr. Willebrode, played several pieces on the Victrola. Later in the evening, another surprise awaited Fr. Anselm. His guests brought delightful refreshments with them which were served in the dining room by his housekeeper, Miss Mary Schaffer. An immense white birthday cake was in the center of the table, lighted by 59 small candles, the number of Fr. Anselm's years, with a large white candle in the center to start his sixtieth year. The cake was banked around with white flowers and was indeed a beautiful sight. The guests also presented Fr. Anselm a birthday book to which was attached a large white acorn, the emblem of his name, (neichen). Fr. ## Memorial Day Flowers

The beautiful custom of honoring those who laid down their lives in sacrifice to the principles for which they fought, and showing a tribute to our loved ones who have died, by covering their graves with flowers at least once a year is one of the most inspiring and poetic breaks in the busy life of our country and it is a credit that Memorial Day is observed with increasing interest each year. The proper observance of Memorial Day requires the right kind of flowers, such flowers as we have in profusion, loose or in appropriate Memorial Designs, etc. Each year we offer a better quality of flowers and our Memorial Day flowers are no exception. Our prices are very reasonable. Mail and phone orders receive prompt attention.

## MAY DECLARE MARTIAL LAW

State May Take Charge of San Diego, Says Attorney General.

### STREET SPEAKER IS ASSAULTED

Attempted to Talk Outside of the Restricted District, But Was Arrested—I. W. W. Men Coming From Los Angeles.

San Diego, Cal., May 28.—Attorney General Webb told police authorities of San Diego that if they were incapable of handling the Industrial Workers of the World situation it would be necessary for the state to take charge. The only way for the commonwealth to assume control, he said, was through martial law.

A. B. Carson, a Socialist, attempted to speak in the street outside the restricted district here and was arrested after having been buffeted by the crowd.

### Crowd Kicks Socialist.

Carson stepped upon a box with the announcement that he was in San Diego to speak in the interests of the free speech campaign. He said he was outside the restricted district and therefore thought he was within the law.

Carson had spoken hardly more than a hundred words when a policeman arrested him, and he was hurried through the streets for more than a block and then placed in the patrol wagon. The charge against him will be determined later. Carson was kicked and cuffed before he was placed in the patrol wagon. A large crowd followed him.

### Foreigners to be Deported.

Los Angeles, Cal., May 28.—Deportation of two alleged members of the Industrial Workers of the World; the departure for San Diego of about 200 men, all said to be Industrial Workers, and the arrival here of Joseph Meyers of the San Diego police force, bringing several bombs said to have been prepared to destroy the lives of officials of San Diego, were the features in the World situation in Los Angeles.

Albert J. Dumot, a Frenchman, and Albert Wilson, English, were found by the local immigration officials to be in the United States in violation of the anti-alien act and were ordered deported to their respective countries. Both were said to be members of the Industrial Workers and among those arrested in San Diego on a charge of violation of the street speaking ordinance.

The 200 men said by leaders of the Industrial Workers to have left Los Angeles for San Diego took their leave in small groups during the last few days. They will walk to San Diego.

### BALLOON TRAVELED 900 MILES

Hoffman and Berry Forced to Land at Roseville, Ill., by Hail Storm.

Roseville, Ill., May 28.—A storm forced the balloon St. Louis to land here at 5 o'clock. The effort of Albert Hoffman and Capt. John Berry to break the Lahn record of 1,171 miles failed. They made about 900 miles, starting from San Antonio, Tex., at 5:25 o'clock p. m.

Neither airman was injured, although they suffered severely from the hailstorm which swept the country. The journey was a wild one. The average speed was 37 miles an hour for the 24 hours.

### ROCKED ON A BOX OF MATCHES

Chicago Woman Burned to Death as Result of Peculiar Accident.

Chicago, May 28.—Mrs. John J. Dunn, a wealthy widow, was burned to death on the back porch of her South Side home when the rocker of the chair she occupied struck a box of matches and ignited them.

Mrs. Dunn was asleep in the chair. The fire spread to a pile of newspapers near her and then to her clothing. The flames were extinguished by a small boy with a garden hose, but the woman died in a short time.

### Train Over a Bank.

Atchison, Kan., May 28.—Two persons were injured seriously when east-bound Missouri Pacific passenger train No. 106 was derailed a mile north of Shannon, on the Omaha line. The locomotive and baggage car rolled down a 20-foot embankment and the mail car was partly demolished. The passenger coaches remained upright.

### Weir Rejoices.

Weir, Kan., May 28.—The regents of the state university were here preparatory to establishing the state school of mines. All business houses and many residences were decorated with flags and bunting. A public reception was held in the opera house.

### Again the "Unloaded" Rifle.

Springfield, Mo., May 28.—Playing army resulted dangerously for Arthur Gall, a six-year-old child. He was shot through the right lung by 14-year-old Richard Pickett, with a 22-caliber rifle. Pickett did not know the gun was loaded.

## WOULD BAR KANSANS' ADVANCE

FUNSTON AND CROZIER HIT BY APPROPRIATION BILL.

Proposed Amendments Also Depose General Wood—Sharp Conflict is Expected.

Washington, May 28.—The army appropriation bill was reported back to the senate and house by the conferees with anti-administration amendments which would legislate Maj. Gen. Wood out of office after March 4 as chief of staff.

The bill provides that no general officer may become chief of staff—the highest rank in the army—unless he has had ten years of service with troops previous to attaining the grade of general. This section will operate not only to legislate Gen. Wood out of office but will bar two Kansans, Gen. Crozier, chief of ordnance, and Gen. Funston from ever attaining the highest rank in the army. It will also bar a number of officers appointed in the staff departments after the war with Spain and all medical officers.

Many army officers charge that the fight between the line and the staff which recently resulted in the retirement from the army of Maj. Gen. Ainsworth is responsible for the provision.

The report was not acted on in either house. A sharp conflict over the amendments is expected. Senator Curtis and Senator Smoot blocked immediate action in the senate by insisting on time to study the changes. As Gen. Funston and Gen. Crozier are Kansans, the latter being a son of the late Judge Crozier of Leavenworth, it is expected that the Kansans in the senate and house will make a hard fight on the provision which bars them from the highest rank.

## NO PANAMA INDEMNITY FIXED

Story of Negotiations Between America and Colombia Regarded as Fake.

Washington, May 28.—So far as the state department is aware, no arrangement has been reached between American Minister Dubois and the Colombian government looking to the recognition by the latter of the independence of Panama, in return for a \$30,000,000 indemnity, as was reported from Cartagena.

There have been no negotiations between the two countries regarding Panama for nearly a year, unless the letter of Senor Ospina, which led to his retirement as minister to the United States, may be so regarded.

## KANSAS FRUIT DAMAGED BY HAIL

Franklin County Trees, Left Standing by Tornado, Get Another Setback.

Ottawa, Kan., May 28.—The fruit trees of Franklin county which were left standing after the heavy windstorm Friday were given a severe shelling by hail that accompanied an electrical storm. Last week's damage was to old orchard trees that were easily broken, but heavy hail pelted much of the young fruit. Wheat growers say that the wheat crop will not be badly damaged. Both storms were disastrous to telegraph and telephone lines.

### Blast Kills Quarryman.

Moline, Kan., May 28.—An explosion occurred at the works of the Moline Cement company, which resulted in the death of one of the quarrymen, W. M. Darr, and severe injury to another, Robert Hicks. Several others received minor injuries. Darr was working in the quarry, and it is supposed his pick struck unexploded dynamite. The explosion threw him 45 feet in the air.

### Osteopaths Graduate 146.

## REBELS SURROUND MADERO'S FORCES

Retreat Covered Hiding of 3,000 Men in Mountains.

### FEDERALS FACE DESTRUCTION

Dynamite Admitted for Mines, Used to Destroy Bridges—Situation Most Critical Since Insurrection Began.

Washington, May 28.—Surrounded by Gen. Orozco with 4,000 soldiers on the North and General Campo with 3,000 men on the south, the federal army under Gen. Huerta sent by Madero to end the insurrection in northern Mexico, is in imminent danger of total destruction.

The information has just been received by the department of state.

Both insurrecto armies are plentifully supplied with dynamite sent over the border by permission of President Taft for use in the mines of Chihuahua and they are busy blowing up the bridges over which it would be possible for Huerta to retreat.

### Taft's Order Rescinded.

As fast as the dynamite reaches the federal lines, the insurrectos capture it. So menacing is this explosive to the federal cause that Secretary MacVeagh took upon himself the liberty of rescinding the order of the president and perhaps preventing further shipments over the border.

As a result of the disaster to the federal campaign, firm belief is expressed in Washington that the situation in Mexico is now more critical than at any time since the insurrection began.

### Outwitted Madero.

Instead of being demoralized, as alleged by Madero, the rebels, according to information received by both state and war departments, retreated in excellent order to Jimenez but very skillfully left 3,000 men hidden in the mountains. This latter force has now appeared in the rear of Gen. Huerta and is now threatening the destruction of his army.

Despatches to the state department show that a force of 2,000 men under Gen. Zapata is now threatening Mexico City itself. Communication between Gen. Zapata with his army and General Campo with his dynamite in now easy.

### Rebels Take Torreón.

Juarez, Mex., May 28.—Messages were received here from rebel headquarters at Chihuahua announcing the capture of Torreón by rebels under Gen. Arguemedas. Details were lacking.

## DARROW SAW BRIBE GIVEN

Star Witness for Prosecution Tells  
His Story on Stand.

### FREDERICKS REPUDIATES FOSTER

Denies Detective and Erectors Association as Participants in Case Against Former McNamara Attorney.

Los Angeles, Cal., May 28.—The name of Clarence Darrow was mentioned by George N. Lockwood, one of the prosecution's star witnesses, for the first time in connection with the trial of the former chief counsel for the McNamara brothers for alleged jury bribing. Lockwood declared that Darrow was walking toward Bert H. Franklin when the latter was arrested for bribery, a few moments after Lockwood had received the first installment of the payment for his vote in the trial of J. B. McNamara.

### Excitement in Court.

The day in court was one of excitement from the time of convening until adjournment. Clashes between attorneys, the exchange of charges of attempting to influence the jury, an important ruling for the prosecution on the admissibility of evidence objected to by the defense, and the reappearance of Lockwood on the stand for the resumption of his story of the alleged trapping of Bert Franklin, kept the atmosphere of the courtroom at fever heat throughout the three hours' session.

The exciting events of the day also included a repudiation by Mr. Fredericks, the district attorney, of Robert J. Foster, detective, and the National Erectors association, which employs Foster, as participants in the prosecution of the Darrow case.

### Prosecution Gains Point.

The ruling by Judge Hutton on the issue raised by the defense Saturday was declared by attorneys for the prosecution as a sweeping victory for them as it will enable them to introduce all of the evidence in their possession tending to prove that Darrow had been guilty of attempting to bribe other jurors.

Darrow's chief of counsel, Earl Rogers, stirred up a sensation in court by waving a newspaper clipping about his head and shouting aloud in the presence of the jury its headline: "I will convict Clarence Darrow—Robert J. Foster."

After some discussion Foster was cited to show why he should not be punished for contempt of court. The jury meanwhile had been excused.

### LABOR OPPOSES SMALL COINS

Three Unions Protest Against Proposed Coinage of Half Cent Piece.

Boston, May 28.—Three of the largest union labor organizations in this city passed resolutions protesting against the introduction into the currency of the United States of a half cent piece.

The resolution set forth that the lowering of the coinage unit tends to operate against the wage earner and makes a substantial increase of wages harder to obtain. The point is also made that the introduction of a half cent piece would reduce greatly if not wipe out entirely the earnings of men such as news dealers and newsboys, who deal in a commodity where the price is usually fixed at the smallest unit.

### ORIGIN OF THE ELKS' CALL

"Hello, Bill!" a Cheery Salutation First Heard at Minneapolis Reunion of 1897.

Eleven o'clock is Elksdom's "hour of recollection," when a toast is drunk "to our absent brothers." The custom is said to have originated with George McDonald, one of the original Elks. The mottoes of the order are "To do unto others as we would they should do unto us," and "The faults of our brothers we write upon the sand; their virtues upon tablets of love and memory."

The call of one Elk to another, by which he is recognized in any forest (of palms or otherwise) is "Hello, Bill." William Goddard of Minneapolis lodge, No. 44, is the original "Hello, Bill" of Elksdom, and this cheery salutation, which has found its way around the world, originated in Minneapolis during the Elks' national reunion in that city in 1897. Goddard was chairman of the finance committee and a member of practically every other committee having in charge the arrangements for the reunion. Others might slight their work, but Billy Goddard was always to be found at committee headquarters.

When any visiting Elk sought information it was a constant repetition of "Go over and ask Billy Goddard," "Billy, can tell you," "See Billy; he knows." And the visiting Elk fell naturally into the formula, "Hello, Bill. I was told to see you." The phrase caught on. It spread like a prairie fire over the convention city. Elks who never before had seen each other's faces greeted each other on the streets and in the hotel corridors with a cheery "Hello, Bill," and now when one Elk meets another, from the bright lights of Broadway to far away Juneau or Skagway, Alaska, the most distant of Elk towns, it's "Hello, Bill."—Hampson's Magazine.

## EASY AND SURE WAY TO CURE COLDS

Don't Neglect a Cold, Ely's Cream Balm Will Stop It in the Sneezing Stage.

A cold generally attacks the weakest part, affecting the eyes and ears in some and producing nasal catarrh and throat troubles in others. A cold is due to an inflammation of the membrane lining the air passages, and may be promptly cured with a little Ely's Cream Balm, which immediately relieves the inflammation and all the distressing symptoms, such as sneezing, coughing, running at the nose and eyes, hoarseness, sore throat, fever and headache. One reason why this pure, antiseptic Balm acts so quickly is because it is applied directly to the tender, sore surfaces. Even in severe, chronic cases of catarrh, Ely's Cream Balm never fails to quickly and effectually check the poisonous discharge which clogs the head and throat, causing the disgusting hawking, spitting and blowing of the nose. This remedy not only drives out the disease, but heals and strengthens the weakened membranes, thus ending catarrh. Catarrh is a filthy, disgusting disease. Don't put up with it another day. Get a 50 cent bottle of Ely's Cream Balm from your druggist and see how quickly you will be relieved. It is perfectly harmless.

## HOW ONE WOMAN WON

Her Health and Strength Back Again by The Use of Cardui.

Tampa, Fla.—In a letter from this city, Mrs. E. C. Corum writes: "I was all weakened and worn out with womanly troubles. My husband brought me some Cardui as a tonic, and, from the first day, it seemed to help."

I had almost lost my reason, but, thanks to Cardui, I did not. Soon, I felt and looked like a new woman. I think the remedy is wonderful. I recommend it to my friends, for I have received great benefit from it."

Cardui acts specifically on the weakened womanly organs, strengthening the muscles and nerves, and building them up to health.

It helps to refresh the worn-out nervous system and relieves the effects of overwork, both mental and physical.

Fifty years' successful use fully prove the merit of this purely vegetable, tonic remedy for women.

In every community, there live some who have been benefited by Cardui. The beneficial effects of this time tested woman's remedy, soon show themselves in many different ways.

Try it.
